

## **Crystalline Silica Awareness – ½ Day Course**

This course is designed for anyone involved with, working around or having the potential to be exposed to silica containing materials.

### **Course Outline:**

- ✓ What is Crystalline Silica?
- ✓ Health Effects Associated with Silica Exposure  
(Introduction, silicosis, signs & symptoms of exposure, symptoms of related illnesses, other conditions)
- ✓ Where is Crystalline Silica found?  
(What are the uses of silica?)
- ✓ How and why does exposure occur  
(How you know you've been exposed, read labels, MSDS review)
- ✓ Industry Silica Regulations  
(Exposure limits, air monitoring, testing for silica dust)
- ✓ How do you reduce the exposures to silica?  
(What control measures are there?)
- ✓ Personal Protection  
(Introduction, Training Programs, Safe Working Practices, Air Purifying Respirators, Air Line Respirators, Fit Testing, Respirator Programs)

Upon completion of this course each attendee will receive a certificate of completion.
